ZARA PEREIRA

ABOUT THE CREATOR

Zara was literally "born into music", as her parents and the delivery nurse in hospital sang a Swahili lullaby to her minutes after she was born. Her love of music and rhythm evolved from her toddler years, to learning the piano before also receiving vocal training.

She is now a Grade 11 student at the American School of Bombay. Since Grade 9, she's been an active member of the CSR Share the Music Club, teaching piano to underprivileged students. A pianist since age 8 and passionate singer, selected twice to participate in the prestigious AMIS Honours Choir (2024 Korea, 2025 Singapore).
